David Mateos
30
Right CENTRE BACK

Strengths:

- Only 30 , has a few more good seasons left in him
- Came through the youth and was highly rated at Real Madrid
- Played regularly in the MLS and at the top level in Turkey
- As he is coming off an MCL injury in MLS , he is off the radar of clubs

Weakness:

- Not played since the October
- Injury , has it fully recovered ??
- Have to speak to someone in Spain to get an idea from him , if he will move to India
- Was on around $400,000 in the US , so could be too expensive

A much better option than AGUS , but we should wait for after the DRAFT
